Irma District Raises \$875.14 For Y.M.C.A.

Was Asked to \$600.00 and Went Over the Top--More Yet Promised.

The big drive to raise funds for the Young Men's Christian Association in their work caring for the wellbeing of our soldier was a success as indicated by the above total which shows the spirit of the people of the Irma district when a needy and deserving cause asks for aid. We were asked to collect \$600 and we went OVER THE TOP with \$875.14 to date.

The local committee who had charge of the campaign, consisting of J. W. Wyatt, Chairman, W. H. Madden, Treasurer, R. J. Tate, Secretary, Executive: A. A. Dickson, C. G. Hockin and H. W. Love wish to thank the canvassers and all those who contributed to a worthy cause. The following acted as canvassers for their respective districts:

Village of Irma, H. W. Love and C. G. Hockin.

Township 45 range 9, E. T. McDowell and W. H. Madden.

Township 46 range 8, T. E. Yarr and A. A. Fischer.

Township 46 range 8, J. G. Clark and W. H. King.

Township 45 range 8, C. T. Hill.

Township 46 range 7, W. H. Kent and R. Golding.

Total to date	\$875.14

As there are some who signified their willingness to help along the work of the "Y" by promising a donation within the next few days the committee request that they pay the promised amount at an early date. The committee of the Y.M.C.A. and their leaders will appear in a later issue of the Times also any further donations will be acknowledged and thankfully received. If there is anything we can do to cheer our men or alleviate the suffering we should be only too glad of the opportunity.

CANADIAN "Y" FUNDS GO OVER THE TOP

Toronto, May 13.—Canada has responded to the appeal of the Red Triangle work which the Y.M.C.A. is doing for the soldiers in the Canadian army, and has promised more than the \$2,250,000 objective which was set for the Dominion-wide drive.

National campaign headquarters announced tonight that incomplete returns totalled \$2,620,269, with the results of today's canvases for all of Canada, outside the province of Ontario and the city of Montreal to hear from.

It is thought the Camrose district has set a record for Canada, in the recent dominion-wide Red Triangle campaign. The objective for the district was \$30,000. This total was exceeded on the first day of the campaign, but the workers kept on, and tabulations made today show that \$70,000 has already been collected, and it is hoped to surpass the \$80,000 mark.

Oh, My! Looky Here! Chicken on May 24th

The Red Cross Society and the Ladies Aid will serve a chicken dinner in the church basement. Owing to the food regulations no white bread or cake can be served. All are invited to help the good cause by bringing in chickens, butter, eggs or pies, or any donations you feel like giving. Mrs. P. J. Hardy, Hon. Sec. Red Cross. Mrs. G. A. Tripp, Hon. Sec. Ladies Aid.

A FEW OF THE STUNTS TO BE PULLED OFF AT I.O.O.F. PICNIC MAY 24

Robbins of Hardisty, McLeod of Wainwright, Ripley and Love will commence a 100 yd dash.

Three-link men will challenge the world at tug of war.

The Ladies Aid and Red Cross societies will serve a chicken dinner in basement of church.

Jack Mildon will be the big noise in the booth and will not serve the so-called picnic lemonade, it will be half and half.

The dogs are tied up, the ox team started, the driving team cleaned and auto polished. Everything is in readiness for a big day.

The I.O.O.F. base ball team line up and batting order will be as follows:

Tate, 2nd base, will conveyance a few out and get receipted at first.

McDowell, 3rd base, will land some sections close in and put his machinery to work to get a home run.

Jones, pitcher, will telegraph the outfield that batter is out.

Peterson, 1st base, will butcher the low ones over the block.

Capell, catcher, will receive all and ask the band boys for another selection of "Down by the Old Coulee Stream."

Hardy, centre field, will use a two-by-four and loan a Chevrolet to bring back the ball.

Mildon, right field, will hammer some long hits, saw off a few double plays and be square on home plate.

Dower, short stop, will work on the bld side of the ball and give it a close shave.

Henderson, left field, will plane and level the horsehide when it comes over the chip.

Hockin will hold down the bench console and speak words of good cheer to the Brothers who fail to come.

Red Cross Social and Dance H. Whidden's Barn, May 21st

Red Cross entertainment; Box social and dance at Harrold A. Whidden's new barn 14 miles north of Jarrow and 5 miles East of Kinrossa, Tuesday, May 21st at 8.30 P.M. Ladies please bring baskets. All proceeds in aid of Red Cross. Everybody welcome.

Church Services.

Rev. R. K. Swenerton; BA BD of Wainwright will preach on Sunday. Service:

Battle Heights at 11 a.m.

Sunny Brea at 2.30 p.m.

Sunday school at 1.30 p.m.

Irma at 8 p.m.

Sunday school at 2 p.m.

C. G. Hockin, pastor

MEETING OF THE VILLAGE COUNCIL

Held on Monday, 13th May, all the Councilors present. The secy-treas was instructed to press the matter with the GTP Ry re a culvert through the railway embankment to enable the village to be drained.

The secy-treas was instructed to take up a petition to be signed by the resident ratepayers for the issue of debentures.

A communication was read from W.H. Madden, manager of the local branch of the Merchants Bank of Canada asking permission to move their present building on the road allowance known as Second Avenue situate between the postoffice and their present building during the construction of a new office as the Bank intend erecting a two storey building at an early date to replace their present quarters.

The secy-treas was instructed to enforce payment of the dog tax \$1.00 for each dog and \$3.00 for each bitch, complaints having been made about the great number of ownerless dogs in the village. All dogs not wearing the tax tag for 1918 will be treated as strays.

P. W. Watkinson Secy-Treas.

Our Smallest Railway

Stretches From End to End of an Island in the Athabasca River

So much is heard, in these days, of the "biggest railroad in the world," the "biggest pier," the "largest aeroplane," the "greatest business undertaking," that it is a relief to learn that there is actually a railroad that boasts of being the smallest in the world and is entirely satisfied with its lot. This is the Grand Island Railway, which stretches from end to end of an island in the Athabasca River, in Northern Canada. The entire length of track is a quarter of a mile, and the rolling stock comprises two well-worn lorries. Merchandise is brought to the island in boats or scows, transferred to the railroad, and shipped again by water at the other end. The man who owns this railroad is annoyed by few strikes, since he has few employees; customers must load the cars themselves and propel them by hand power across the island. Certainly this is "the simple life" with a vengeance, but the owner says that the enterprise returns thousands of dollars a year, and he leaps into the fashionable superlative by claiming that his is not only the smallest but the most profitable railroad in the world.—Christian Science Monitor.

Catarrah Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrah is a local disease, greatly increased by constitutional conditions, and in order to cure you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

F. J. GILBERT & CO., Props., Toledo, O.

ALL DRUGGISTS, 75c.

Hall's Catarrh Pills for constipation.

The Privileged Pretty

"Do plain girls or pretty girls do better in business?" It's about a toss-up. The plain girls don't make so many mistakes, but there are fewer kids about the business. The pretty girls make—Boston Transcript.

Back Ache!

NATURE gives warning of approaching disaster, and backache tells you that the kidneys are deranged.

As soon as the kidneys fail poisons are left in the blood, which cause aches and pains, rheumatism and lumbago.

The digestive system is interfered with, and there is gradual loss of flesh and harshness and dryness of the skin. There is often headache and dropsical swelling of the limbs.

The most effective treatment is that which awakens the action of the liver and bowels, as well as the kidneys, for these organs work together in removing the poisonous impurities from the system.

This is the reason why Dr. Chase's Kidney-Liver Pills are so successful in the treatment of diseases of the kidneys. This is why they frequently cure when ordinary kidney medicines fail.

Just put this medicine to the test when you have backache, headache and other indications that these filtering and eliminating organs are sluggish in action, and see how quickly they will respond.

Prevention is always the wiser course. For this reason it is well to keep Dr. Chase's Kidney-Liver Pills at hand, and by regulating these organs forestall serious disease.

Dr. Chase's Kidney-Liver Pills

One pill a dose, 25 cents a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

A "Republic of Soviets"

No Basis for an Equitable Government in Such a Human Drift

Russia is now a "republic of soviets," not like the United States, a republic of people. "Soviets" means councils, and the councils in this case are miscellaneous groups of soldiers and workmen. It is in the supposed interest and at the behest of these councils that the constitutional assembly, elected by universal suffrage, has been turned out of doors. Hereafter, the government will nominally devolve on the representatives of these soviets, sitting in a congress of their own.

According to reliable reports from the foreign correspondents now in Russia, the soviets are composed of about nine forms of soldiers—that is, deserters from the army—to one civilian workman. They represent merely the drift of army runaways who have got as far as Petrograd, Moscow or other centres. There is certainly no basis for an equitable government in such a human drift. Messrs. Lenin and Trotsky would appear merely to have taken advantage of it to establish their personal power for a time.

There is no groundwork for national construction in such an assembly as this congress of soviets, which deliberately turns aside from the only means of organizing the force of the whole nation—Boston Transcript.

The Shortest Railroad

You have heard of the shortest railroad before. Always they're the most abbreviated ever. But off-and-one would grant the prize to Missoula, Mont. It has a railroad only one hundred feet long. It connects the Northern Pacific with the C. M. & St. P., and is used as a transfer. It has no equipment, no employees, and no stations, yet the company that owns it gets fifty cents for every car that passes over its rails. Sixteen thousand have done so thus far. Think of it!

Prosper Ferguson.

Had ship's anchor fall on my knee and leg, and knee swelled up for six days I could not move it or get help. I then started to use MINARD'S LINIMENT and two bottles cured me.

Thousands for Farms

Thousands of men are needed immediately to help on the farm this summer. The increased acreage of cereals is an imperative war-time necessity. Employers of labor should be allowed to draw from the farm experience to the farm.

Small Pill
Small Dose
Small Price

FOR CONSTIPATION

have tried the test of time. Purely vegetable. Wonderfully quick to banish biliousness, headache, indigestion and to clear up a bad complexion.

PALE FACES

Generally indicate a lack of iron in the blood.

Carter's Iron Pills

Will help this condition

Like Jonah

A party of tourists were discussing the Darwinian theory, and one of them, turning to the guide, said: "What, my friend, do you think of the matter?" "Well, sir," said the guide, "you gentlemen may all have come from England, but for me to contradict you. But, as for me, I can say that my folks came from Wales."

SPRING IMPURITIES CLOG THE BLOOD

A Tonic Medicine Is a Necessity at This Season

Dr. Williams' Pink Pills for Pale People are an all-year-round tonic, blood-builder and nerve restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the winter months. There is no other season of the year when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give new strength. The spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and give new vigor to the system. In the spring that poisons in the blood find an outlet in disgusting pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble. In the spring the blood is impoverished—Dr. Williams' Pink Pills enrich it. In the spring the blood is impure—Dr. Williams' Pink Pills purify it. In the spring the blood is thin—Dr. Williams' Pink Pills thicken it. In the spring the blood is dry—Dr. Williams' Pink Pills moisten it. In the spring the blood is cold—Dr. Williams' Pink Pills warm it. In the spring the blood is weak—Dr. Williams' Pink Pills strengthen it. In the spring the blood is diseased—Dr. Williams' Pink Pills cure it. In the spring the blood is old—Dr. Williams' Pink Pills renew it. In the spring the blood is young—Dr. Williams' Pink Pills keep it young.

when all nature takes on new life, and the blood is the life of the body, it is not surprising that the blood should be the first to show signs of decay. Dr. Williams' Pink Pills actually renew and enrich the blood, and this new blood reaches every organ and every nerve in the body, bringing new health and new strength to weak, easily tired men, women and children.

Proof: Miss Anna Patterson, R.D. No. 1, Thorold, Ont., says: "My trouble was one of general weakness, which thinned my blood and gave me at times unbearable headaches, loss of appetite and also loss in weight. I tried several medicines, but without success. Then I heard of Dr. Williams' Pink Pills and decided to give them a fair trial. The result is that I feel like a new person. My appetite improved, I gained in weight, my blood is thoroughly purified, and my face clear of some unsightly pimples which had troubled me. If one good turn deserves another, I have much pleasure in recommending Dr. Williams' Pink Pills."

You need a medicine this spring. Dr. Williams' Pink Pills they will not disappoint you. These pills are sold by all medicine dealers, or you can get them by mail at 50c a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

Capt. Nobbs' Wasted Night

Blind Soldier Who Had Difficulties With the Typewriter

In a letter to a friend in this country, Captain Nobbs, who was blinded and captured in the battle of the Somme, explains how his book "On the Right of the Fighting Line" came into being: "My wife typed half of it and I typed half myself, and as typing to me is like doing the one finger exercise on the piano, it was rather a laborious job, and used often to carry me into the early hours of the morning. As I was blind, I would not start until after I arrived home from the office. I remember on one occasion staying up until 1:30 in the morning to type the chapter called 'Death Valley.' It took me quite three hours to type three pages. I sat alone in the dark because everyone else had gone to bed and under such circumstances I prefer being in the dark, otherwise I might forget to turn on the lights when I had finished, and so incidentally because it is a waste of money to burn electricity simply on my account (so you see there are advantages and economies in being blind). The next morning I asked a friend to read over to me the three pages which I had typed and was told the pages were blank—the ribbon had evidently been misplaced.—Boston Transcript.

The Spirit That Wins

That was a noble, self-sacrificing spirit evidenced by General Pershing, commanding the American forces in France, when he told the allies: "All that we have are yours to dispose of as you will." That is the spirit that wins.—Kingston Whip.

Bad Year Ahead In Forest Fires

Rangers Ask Public to Help Them Keep Fire Out of the Woods

The danger season for forest fires is near at hand. Rapidly drying soil has left the old grass, brush, leaves, etc., in most perilous condition for starting fires.

An effort is being made by the fire rangers in this province to keep down the forest losses this year to a minimum. They will succeed only if every citizen is careful to extinguish his campfire before leaving it, if every smoker refrains from tossing away burnt matches the tobacco in or near a wood, and if settlers in the newly opened districts guard their land-clearing fires with the utmost care. Settlers' fires continue to be the very worst source of forest conflagration, although campers and careless smokers are close competitors.

"The fire rangers," says the Canadian Forestry Association, "want every good citizen to regard himself as a deputy ranger from now until November first."

Even a Canadian forest was never worth so much as today, never gave so many jobs as today, never put money into circulation as it does this year.

Cost of Living in Sweden

There Are Places With Higher Prices Than They are Here

Sweden before the war used to import about 5,000,000 tons of coal and coke per year. This supply, of course, has stopped. One result of that coal in Sweden now sells at \$100 a ton, and is difficult to obtain. In Denmark, also, coal shortages are acute. In Copenhagen's finest department store clerks wear big straw slippers and woolen blankets because there is not coal enough to keep the place properly heated. Automobile tires are scarce in Denmark and consequently have skyrocketed in price. A single tire sold for \$540 there last October. Coffee in Sweden is a pound. Coffee is practically unobtainable. Woolen clothing has increased more than 200 per cent in price since the beginning of the war. Chocolate sells for \$3 a pound; ham for \$1 a pound. Gasoline, likewise, is difficult to come by and the price of the spring-borne-baited October is \$2 a gallon.

The length of the midwinter day in Sweden is approximately 18 hours. Kerosene is practically unobtainable, so the people have to depend largely upon candles. In August, 1914, candles were 15 cents a pound; in January, 1917, 34 cents a pound; and last October, 58 cents a pound.

The scarcity and consequent abnormal prices of motorizing necessities—tires and gasoline, for example—have necessarily affected the use of pleasure cars. Recently there were only seventeen taxi cabs operating in Stockholm.

The use of Miller's Worm Powders insures healthy children so far as the ailments due to worms are concerned. A high mortality among children is traceable to worms. These sap the strength of infants and that they are unable to maintain the battle for life and succumb to weakness. This preparation gives promise of health and keeps it.

City Laborer

The Montreal builders' exchange and the city labor board have changed are encouraging their men to take jobs on farms. They have offered to take contracts for the cultivation of large areas of land or the breaking of prairie.

Minard's Liniment Used by Physicians.

Keeping Milk Pure

To Guard Against Disagreeable Odors and Tastes

Warm milk at the time it is drawn from the cow readily absorbs from the air of the stable certain substances which impart to the milk disagreeable odors and tastes. When milk is allowed to stand in a poorly ventilated or unclean barn, the characteristic odor and taste of aromatic feed such as hay, clover and turnips may be imparted to milk in the same manner. This may lead one to believe that the trouble is due to the odor that has been eaten, and that the odor and taste have been eliminated with the milk through the feed.

Ordinarily the condition can be corrected by the prompt removal of the milk as soon as it is drawn from each respective animal and placing it in the milk house where facilities for the proper and immediate cooling are available.

Garbage as Hog Feed

Saskatoon, Sask., feeds 500 to 800 hogs on garbage mixed with a small amount of grain. The city of Worcester, Mass., feeds 3,000 hogs on garbage. Springfield, Mass., sells 500 worth of municipal fed hogs. Grand Rapids, Mich., feeds 300 cattle, 400 sheep and 700 pigs on garbage. The city of Greenfield, Mass., feeds 1,000 hogs on garbage. Lowell, Mass., Fall River, Mass., and Providence, R.I., all distribute their garbage to various companies who feed it to livestock.

No Need to Rub

Try Sloan's Liniment and see how quickly the swelling is reduced and the pain disappears. No need to rub it in.

It is a bottle handy for rheumatic pains, sprains, bruises, neuralgia, and all muscle soreness.

Generous sized bottles, at your druggist.

Unwholesome Foodstuffs

Their Destruction Provided for in Bill to Be Introduced

The confiscation and destruction of unsound or unwholesome foodstuffs found in packing houses or cold-storage warehouses is provided for in a resolution of which notice has been given by Hon. T. A. Crerar, minister of agriculture, on which a bill will be based. The resolution provides that abattoirs, packing houses or other premises where foodstuffs are kept shall be brought under the provisions of the meat and canned foods act. It provides also for inspection and marking of foodstuffs imported or exported.

"I Believe They Have Cured Me"

WHAT NEWTON P. SMITH SAYS OF DODD'S KIDNEY PILLS

He Had Previously Tried Doctor's Medicine, Plasters and Liniments for His Sore Back, Without Getting Permanent Results.

Parker's Ridge, York Co., N. B. (Special).—After suffering for years from pain in the back, Newton P. Smith, a highly-respected citizen of this place, believes that at last he has found a permanent cure through the use of Dodd's Kidney Pills. Asked to make a statement for publication, Mr. Smith said:

"I have suffered a number of years with pain in my back. At times I was unable to work. After taking Dr. Dodd's Kidney Pills, the pain was relieved and I was able to work again. I decided to try Dodd's Kidney Pills, which I believe have cured me."

All through York County you find people who give credit to Dodd's Kidney Pills for a renewed lease of health. They have been tried for all forms of kidney diseases, including rheumatism, dropsy, Bright's disease, lumbago, heart disease and diabetes, as well as the milder forms of kidney trouble. Their popularity all over the country is a tribute to the splendid results obtained. If you haven't used them, ask your neighbors about them.

Mrs. Kowler—Then you and young Mr. Sharp are not—speaking terms any more? Mrs. Blunderby—No, indeed. The last time I met him I told him my husband had locomotive ataxia and was suffering from it. My newspaper had the impudence to ask if he whistled at crosses.

The British are carving a slice off Turkey in Asia with almost daily regularity.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R.I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ABIGAIL B. LYNCH, 100 Plain St., Providence, R.I.

Backache and nervousness are symptoms of nature's warnings, and indicate a functional disturbance or an unhealthy condition which often develops into a serious ailment. Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and buy this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

May 17, 1918.

If you want to find out how many close friends you have got, go around and try to borrow ten dollars.

Somewhere asks what is the difference between being economical and stinky. Well, it's economy when you save, and stinkiness when the other fellow tries to save.

Two Grand Trunk Pacific publications of interest to the traveller have just been issued from the press. One is entitled "The North American Alps" and describes the marvelous mountains and river scenery traversed by the G.T.P. on the Mount Robson-Skeena route to the Pacific Coast.

The other is entitled "Scenic Features Along the Grand Trunk Pacific Railway between Edmonton and Prince Rupert." It is intended primarily for the use of the passenger on the train. A series of small illustrations are accompanied by descriptive notes so the passenger will be aware of the principal points of interest he is passing and will have a permanent record to keep of his trip.

In addition to the distribution on the train, it is being sent to interested persons who apply either to the agents of the Grand Trunk Pacific Railway, or to Mr. W. E. Duperow, General Passenger Agent, G.T.P. Ry., Winnipeg.

NOTICE

WOMEN'S CANADIAN CLUB OF EDMONTON

Edmonton, May 7th, 1918

Dear Madam:
The Women's Canadian Club have been very successful introducing the Service Flags in Edmonton.

United States and Eastern Canada have enthusiastically adopted this method of honoring men who have responded to their country's call.

Every household who has sent a husband, son, or father, brother or nurse, to the colors is entitled to display a Service Flag.

This Flag is made of silk, a red border with a white centre to which are attached blue maple leaves, each leaf representing one member overseas.

The Women's Canadian Club wish to give every individual desirous of purchasing a Service Flag an opportunity to do so, and are endeavoring to reach the rural districts through the Red Cross Circles and Women's Institutes.

Flags with staff and cord ready to hang having one leaf thereon, cost 75c, and 25c is charged for each additional leaf. By the dozen, flags with one leaf sell at 65c, and 15c only is charged for each additional leaf.

The Committee is prepared to take orders for Service Flags with any number of leaves, and these orders will be delivered promptly by Express C.O.D.

All proceeds from the sale of flags go to the Convalescent Home and Military Hospital, Strathcona.

In displaying a Service Flag you are not only honoring the men on active service but also helping to make more comfortable the wounded men that have come back.

Not only for the present but also for the future are we asking you to place these flags in your home. What will it mean to the children yet unborn to be the proud possessor of a Service Flag whose Maple Leaf may mean to them a grandfather, father or brother, as the case may be, who perchance gave his life to keep unblemished the Flag of the British Empire?

All Orders should be addressed to the Treasurer of the Service Flags, MRS. J. M. MADDON, 1023, 11th St., and sent as soon as possible, as the Flag Committee wish to close their books June 1st.

Hoping you will give this matter your earnest consideration, I remain,

Yours truly,

STELLA E. RUSSELL,

Secretary Service Flag Committee.
Any person wishing to secure this flag please communicate at an early date with Mrs. P. J. Hardy, Secretary Red Cross Society.

"Mother's Farewell"

The new song, "Mothers Farewell" by Mrs. W. E. Walker now on sale at the Co-Operative store, Irma, price 25c.

Bacon Hogs Wanted

Millions of men in the trenches—scores of millions abroad and on this side—want Canadian Bacon.

This world-wide demand assures good prices for the hogs you can raise.

Buy more brood sows—select registered stock—fatten more pigs.

If you need money for any of these purposes, see the Manager. The Merchants Bank is always ready to make loans to progressive farmers.

THE MERCHANTS BANK OF CANADA

Head Office: Montreal. Established 1884.

IRMA BRANCH, W. H. MADDEN, Manager.

Open For Business

The Ransom Land Company are now established in their new office.

If you want a Loan on your farm; Insurance on your buildings, on your crop; on your valuable stock or on the life of yourself or one of the family; we have made arrangements with first class reliable companies for the business.

If you want to sell your farm; dispose of your scattered holding and buy in block or to purchase the land adjoining your place.

Come In And See Us

RANSOM LAND COMPANY

IRMA CALGARY NANTON

LOCAL NEWS OF IRMA & DISTRICT

Mr. Stretch has left for Calgary to enlist.

Pte Popou of the 1st Depot Batt. has been visiting friends near Irma.

Hardy & Dickson have received another car of Chevrolets.

L. Hostrup has accepted a position with the Co-Op.

The Irma Fair will be held on the 14th August this year.

Carl Christenson and his wife are visiting his friends in the district. We think Carl will locate in Irma.

Mr. A. G. Walker has moved on section 38 northwest of town. Mr. Walker is bringing in fifty head of good cattle.

Mr. and Mrs. J. Reed are the proud parents of a new boy, born Monday, May 13th, both doing well.

Bain Printhrop and wife and Ivan Printhrop motored over from Stromme on a visit to the Zig Zag Ranch last Sunday.

Wyatt & Peterson have purchased the lot and building known as the Sam Cameron blacksmith shop.

One more gas tractor and plow outfit ad ded to the district by the Avery 12-25 unloaded by Mr. W. P. Smith, of Kellogg, Idaho.

Tedd Barrett, L.V. King, H. Rivets, Carl Burr, E. Ambler, Fred West, Geo. Reed, A. Long and C. Wilbraham have been ordered to report at Calgary to join the colors.

Mrs. W. Renwick has commenced the erection of a two-story residence on the Cor. 3rd Ave. and King St. This will improve this part of town.

Irma has had a Clean Up week and observed Arbor Day with much advantage to the town but a newcomer to the district has remarked that "Dog Day" should be the next event announced.

Service will be held at the home of Mr. J. H. Elliott in the afternoon weather permitting, the service will be held in the open. All members of the U.F.A. and the U.F.W.A. are specially requested to attend.

If you have a friend in another part of the country you would like to see located in the Irma district let us have his name and we will try to induce him to locate here.—Ransom Land Company.

AT EDMOND'S HOTEL—J. E. Romanoff, B. Rose, Calgary; W. R. Harvey, F. F. Coby, Erie, Ontario; T. J. Cunningham, R. J. Robinson, Wm. Asp, Edmonton; Mr. Smith, Camrose; F. Moely, J. Steenson, Victoria, B.C.; R. Y. Stewart, New York; Dr. Dewatt, F. C. McGee, Wainwright; J. E. Germain, Saskatoon.

Premier Going Overseas.

Hon. Charles Stewart expects to go overseas with Sir R. Borden and party of western premiers in the near future. They will bring a message of cheer to the Canadian boys at the front from the people of the Dominion.

on and Heir of the Village Barber

His first performance.

Casting the Pearls
A sarcastic lawyer, during the trial of a case, made use of the expression, "Cast not your pearls before swine." Subsequently, as he rose to finish the argument, the judge facetiously remarked:—"Be careful, Mr. S., not to cast your pearls before swine."
"Don't be alarmed, your lordship; I am about to address the jury, not the Court."

HARDY & DICKSON, Dealers

Mr. Farmer

Did you ever stop to think when listening to some rich man, rich in mind only, that is running down a man's work and character, trying to hinder him for making an honest dollar? Ask

yourself, did I ever hear this knocker say a good word about anyone? No! Live and let live. The man that is living for himself alone should crawl into a hole where he could spend the rest of his days in happiness.

Now I am trying to make a few honest dollars and can give you value for your money. But don't listen to knockers. Inspect my work, it is the only thing I can honestly depend on here.

Give Me A Square Trial

Copy for the obituary of Anna Knudson Gulbraa and several items were delayed in transit this week and did not arrive to appear in this issue, but will be printed next week.

VIKING

Percy Jones and wife of Irma, spent the week-end here with relatives and friends.

The editor was accepted as a recruit for the Royal Air Force at Edmonton last Friday and leaves in a month for the aviation field near Toronto to commence training.

Mrs. Geo. Purvis and young Mac Purvis returned on Saturday from a six months stay in Vancouver. Mrs. Hall, a daughter, met her in Edmonton.

Steve Jones and family motored to Edmonton Sunday afternoon. Steve said he was going to break all time records when going up and Steve generally does what he says.

Several auto parties took in the movies and the band concert at Killam last Saturday evening. Among those going we counted the Misses Jean, Adgie and Rowena Harris, "Dad" Harris, Gordon Kearns, Ross Berdan, H. Rollans and E. E. Poirier.

Added to the list of those who have been given notice to report for military service at Calgary are:

F. Rozmahel, Peter Knutson, Albert Ruicka, Monte Hoskins, Alfred Reishus, Chas. Broughton, Manford Bishop, Jack Bishop, Chas. Brickman, Arthur Horton.

A Happy Farmer & Fordson tractor were hitched to the building formerly occupied by Dr. McQueen as a dental parlor and hauled out to section 31 where it will be used and fitted up as a residence. While rounding the corner at the King Edward hotel some telephone wires stretched otherwise the building was moved without any mishap.

A. C. Idyll, the Great-West Insurance man, took a trip in a Ford to Innisfree last week which will not be forgotten for a long, long time, especially by the two occupants of the back seat, Ross Berdan and E. E. Poirier who went along as shock absorbers. Mr. Hall of Vancouver, came cross country home with them.

C. W. Barnes, formerly of the News staff, and later publisher of the Tofield Advertiser, has joined the R.N.W.M.P. and is at present at Regina, expecting to go overseas soon with that famous unit. We wish Wes good luck and a safe return.

The Viking Motor Car Co. have installed a 500 gallon Bowser system gasoline tank in front of their garage and are now serving their patrons with the precious fluid. It is wired for electric lights so that in the dark it will shine out for all autoists who are running short of gas.

A. A. Thorsen, formerly of the News staff, but for the past six months managing editor of the Provost News, visited with his parents here, Mr. and Mrs. F. Thorsen, over Sunday. He has been called to the colors and will report for duty at Calgary on May 17th. Art served as a private in the 202nd Battalion but was discharged on account of ill health as was the battalion left for overseas.

Black mare about 3 year old white narrow strip on face, 2 white hind feet, small white on right front foot, wt about 1000 lbs. Owner can have same by paying for ad. Jos. McIlroy.

JARROW

Mr. Waite and J. D. Manners are each the happy owner of a new "tin Lizzy".

The Misses Anderson and brother of Orindale motored to Jarrow and visited at the Loring home.

Miss Ora Mahaffey returned from Tofield on the eleven-fifty train tired but happy.

The noisy crowd from Irma motored to Jarrow on Sunday last.

The "Mounty" from Wainwright spent Sunday at Jarrow on important business.

The Rev. R. K. Swenerton of Wainwright changed pulpits with Rev. M. D. Bayley.

Mr. and Mrs. J. L. Loftus of Kinsella, visited at the Mathews home on Sunday.

N. Lindholm is having a coat of paint applied to his office building.

The Jarrow and Batts school children enjoyed a pleasant little outing on Arbor day on the grounds north of the school. Refreshments were served including ice cream and lemonade.

Pte. A. G. Moore is home from Edmonton on a short visit.

The Ladies Aid Society met at the home of Mrs. Manners to sew for the bazaar.

Unloading Tractors.

We are unloading two Sawyer-Massey 11-22 tractors this week and will give a demonstration next week. Watch for posters. These tractors are put out by one of the oldest engine and threshing machine firms in Canada and a man buying one of these engines is assured of service and satisfaction.

A Soldierly Accomplishment
Quickness Is Needed in Preparing Trenches to Repel an Attack

The best thing an infantryman does is dig. He learns to dig quickly, to dig frantically, but efficiently, for many times during a year in the trenches his sho' i saves his life, and the ground he has won at the risk of his life.

This is best illustrated in the case of a successful attack. . . . The fourth trench—the last to be taken—where the real scene of activity ensues. One second wasted may mean a hundred lives lost.

The reason for this rush is that it is now maximum of the fighting on the western front that a counter-attack may reasonably be expected within five minutes after a set of trenches has been taken—certainly within ten. The enemy, in making a counter-attack, naturally hits first at the trench nearest him, which is the fourth one captured in the successful attack. Therefore it is vitally necessary to face the parapet the other way, pile up the sandbags, pile and other obstructions, for breastworks, throw up barbed wire and fasten it to a tangle of stakes if time allows, and generally transform what has been the enemy's fourth line of defence into a new first line trench ready to repel an attack.

The Lawyer
"Father," asked the little son, "what is a lawyer?"
"A lawyer? Well, my son, a lawyer is a man who gets two men to strip for a fight and then runs off with their clothes."—Buffalo Courier.

The German Emperor

By J. W. Gerrard in "Face to Face With Kaiserism"

The talents and ability and agreeable personality of the German emperor must not blind us to the fact which he is the centre of the system which has brought the world to a despair and misery such as it never has known since the dawn of history. We must remember that all his utterances disclose the soul of the conqueror, of a man intensely anxious for earthly fame and a conspicuous place in the gallery of human events; envious, too, of the great names of the past, his ears so tuned for admiration and applause that they fail to hear the great, long-drawn wail of agony, that echoes around the world. His eyes are so blinded with the sheen of his own glory that they do not see the multi-colored corpses, the crime, the pestilence, the hunger, the incalculable sorrow that sweeps the earth from the jungles of Africa to the frozen plains of the north, from Siberia to Saskatchewan, from Texas to Trieste, from Alaska to Afghanistan—everywhere he has brougnt death, an angel of mourning to millions upon millions of desolate homes.

Ask for Minard's and Take no Other.

Willing
"No, madam," said the lazy tramp. "I'm sorry but it's ag'in my principles. I can't chop no wood."
"Well," answered the farmer's wife, "there will be some here this afternoon and—"
"I'm sorry ag'in, but I can't carry no coal. But I'll tell you the best way. I'll compromise. If you've got a gas stove I'll turn on the gas tur ye."—Boston Transcript.

A Cure for Fever and Ague.—Disturbance of the stomach and liver always precede attacks of fever and ague, showing derangement of the digestive organs and deterioration in the quality of the blood. The ailments Parnelle's Vegetable Pills have been found most effective, abating the fever and bringing the ague in a few days. There are many who are subject to these distressing disturbances and to these there is no better preparation procurable as a means of relief.

Magnificent Diamond
Valuable gifts, including a magnificent diamond, have been presented for a forthcoming Red Cross sale. Discovered in 1901 in the Great Mines, Grigalund West, the diamond was cut in Amsterdam, and now weighs two hundred and five carats. In hue it is a pale canary yellow, and by artificial light is much more luminous than a white stone. It is the largest of the stone, a Maltese cross is distinctly visible, a peculiarity only shared by the Pitt Diamond or Regent's Diamond—and it has been named the Red Cross diamond, and is probably the largest yellow diamond in the world.

Gaining On Her
Druggist—How did you find that hair restorer I sold you a fortnight ago?
Henpeck—Great! My wife can't pull out my hair fast enough to keep up with it.

Delicate Young Girls, Pale, Tired Women

There is no beauty in pallor, but proof of plenty of weakness. Excretion means your heart flutters, your back and limbs ache, and you really need something to put some ginger into your system. Try Dr. Hamilton's Pills, they will give you life, make you want to do things. They renew and purify the blood—then come strong and rosy cheeks, laughing eyes, robust good health. You'll be helped in a hundred ways by Dr. Hamilton's Pills, which are an old family remedy of great renown. Thousands use no other medicine and never have a day's sickness of any kind. Get a 25c box today. Sold by all dealers.

Worth Asking For

A Free Offer Is Made by a Reliable Firm

There are very few people who are not in some measure familiar with the merits of Dr. Chase's medicines, and in many homes these well-known preparations occupy first place in the family medicine chest. To those who may not as yet have given Dr. Chase's remedies a trial, a free offer is being made of one 25c box of Dr. Chase's Kidney-Liver Pills, one sample box of Dr. Chase's Ointment, and one copy of Dr. Chase's Recipes. All that is necessary in order to take advantage of the above offer is to write to Edmanon, Bates & Co., Ltd., Dr. Chase's Bldg., Toronto, mentioning the name of this paper, and enclosing a 2-cent stamp to pay postage.

For Farmers Only
A handbook for farmers is a very useful booklet that has just been issued by the commission of conservation, it treats of such things as insectures, seed selection, clover growing, the farm garden, weeds and insect pests, and other farm topics, in an informative as well as popular manner. The quantity is limited and the booklet will be supplied on request only to bona fide farmers.

Minard's Liniment Lumberman's Friend.

Biblical Authority
A correspondent finds something in the Bible to turn him against daylight saving. Similarly, the Bible is urged in opposition to or in defence of nearly every proposed change. How about this: "At evening time shall be light."—Zech. 14, 7.

Sample Each Free by Mail. Address: Cuticura, Dept. N, Boston, U. S. A. Sold by Dealers Everywhere.

Postal Service in Palestine

Now Being Provided Provisionally by the Army Postoffice

The postoffice department announces that information has been received from the general postoffice, England, that a postal service to the Egyptian population of that portion of Palestine occupied by the British forces is now being provided provisionally by the army postoffice with the Egyptian Expeditionary Force. Unregistered letters and postcards fully prepaid at the international rate of 5 cents for the first ounce and 3 cents for each additional ounce, and 2 cents for postcards, can be forwarded. The correspondence must be of a private or domestic character. There is no service at present for printed matter or parcels.

YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati man tells how to dry up a corn or callus so it lifts off with fingers.

You corn-pesterers men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted off, root and all, without pain. A small bottle of freestone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin. If your druggist hasn't any freestone tell him to get a small bottle for you from his wholesale drug chemist. It is fine stuff and acts like a charm every time.

Finding His Place

Major Frederick Palmer, the head of the military press bureau in Paris, was visited at his village home, St. Anne the other day by an ex-reporter of the old school. The ex-reporter said: "I want to be in the line of the Hun. I've got an alcohol stove, a baccaro heart and a hardened liver. It would be difficult for me, I'm afraid, to give up this life in the line of the Hun. I'm determined to do my bit. There's surely some 'bitter' in it." "George," said Major Palmer, "the only suggestion I can make is that you go to the front as a tank."—The Argonaut.

MARCH TO VICTORY

Courage is a matter of the blood. Without good red blood a man has a weak heart and poor nerves. In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or plumpy, generally weak, tired and nervous, one should take a spring tonic. One should take the spring house-cleaning, an old-fashioned herbal remedy that was used by everybody nearly 60 years ago is still sale and sane because it contains no alcohol or narcotics. It is made up of Blood root, Golden Seal root, Oregon Grape root, Queen's root, Stone root, Black Cherry bark—extracted with glycerine and made into liquid or tablets. This blood tonic was first put out by Dr. Pierce in ready-to-use form and since then has been sold by million bottles as Dr. Pierce's Golden Medical Discovery. If druggists do not keep this in stock, send 50 cents for a trial of Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., or branch in Bridgeport, Ont.

CENTRAL BUTTE, SASK.—I have used Dr. Pierce's Golden Medical Discovery for a number of years and am pleased to recommend it as a blood purifier. I know it has no equal as I used it for my boy, neighbors and friends were surprised with the results. I feel I do not think I would be alive to-day had I not been for this "Medical Discovery." I also keep it on hand for coughs as it differs from other medicines, instead of upsetting the stomach as cough syrups do. It is good for the stomach. I only wish I had known about Dr. Pierce's medicines sooner. —J. J. Tanser soon.

Germany, the Outcast

What Measure of Forgiveness Will Allies Extend to Enemy After the War

When peace is signed at last and the various combatants shake hands over it all just what is going to be the measure of forgiveness which the allies will extend to Germany? Will it be a mere truce, a mere seven, or will it be a mere lip affair? German commercial aspirations will have to be satisfied. She will seek to regain her old markets and to enter new ones. President Wilson, in his address to congress, has insisted that every nation at the close of the war shall be unhampered in its endeavor to work out its own destiny. We shall insist upon this principle being applied to Belgium, to Poland, to the Balkan States, and to Russia—so far as the Bolsheviks will permit themselves to be helped. Even Austria will receive a fairly glad hand, while Bulgaria and Turkey will be recognized as having possibilities in the direction of being tamed and made into useful peoples. But in the case of Germany—that is something else again. We can open our markets to her, but markets are of no avail if the people will not buy—and one is not at all sure that every nation at the close of the war will be so ready to resume relations of any kind with a man who has shown himself to be a serious, obstinate, and unrepentant liar, and to every sense of decency. Uncle Sam cannot conduct business with a nation who is so ready to spring without an instant's warning at his throat.—Carleton Magazine.

BBY'S HEALTH IN THE SPRING

The Spring is a time of anxiety to mothers who have little ones in the home. Conditions make it necessary to keep the baby indoors. He is often confined, overheated, badly ventilated rooms and catches colds which he will not get rid of. To guard against this a box of Baby's Own Tablets should be kept in the house and the whole system of the baby to keep his stomach and bowels working regularly. This will prevent constipation and colic and keep baby well. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brookville, Ont.

A Canny Scot

Sandy and John were sitting in a car when a pretty girl got in and smiled at the former. He raised his hat. "Do you know her?" asked the Englishman. "Oh, yes, very well," the Scot replied. "Well, shall we go and sit over beside her and then you can introduce me?" asked his companion. "Wait a bit," returned the canny Scot. "The lassie paid her fare yet."—Pittsburgh Chronicle-Telegraph.

Keep Minard's Liniment in the House.

Hard Luck
"Bad luck, that, for poor old Bill," said Mike, the chair maker. "He got fined for taking out his employer's car without permission."
"How did the boss know he took it?"
"Bill ran over him."—New York Times.

PEELS OFF A CORN WITHOUT ANY PAIN

It is magic, no, scientific—a wonderful combination discovered that will shrivel up the toughest old corn you ever saw. The name of this remedy is Putnam's Corn Extractor. It's a corker the way it loosens a corn; it peels right off in a solid mass, without pain, and the results talk. Putnam's gives results and costs but a quarter. Sold everywhere.

Mike's Philosophy

What Contributed Most to His Financial Success

Being well equipped physically, Michael Murphy had no difficulty in holding his job as sexton until the first interment, when he was asked to sign the certificate. "I can't write," said Mike, and was discharged.

Out of a job, Mike turned to contracting, and in time became wealthy and a figure in the community. When he applied to the leading bank for a loan of ten thousand pounds he was assured that he could get it, and was asked to sign the necessary notes.

Again he was obliged to reply, "I can't write." The banker was astounded. "And you have accumulated all this wealth and position without knowing how to write?" he exclaimed. "What would you have been doing if you could write?"

Mike paused for a moment and answered: "I would have been a sexton."—Montreal Herald.

After 10 Years of Asthma Dr. J. D. Kellogg's Asthma Remedy provided a permanent cure. Kellogg's user, and this is but one cure among many. Little wonder that it has now become the one recognized remedy on the market. It has earned its fame by its never failing effectiveness. It is earning it today, as it has done for years. It is the greatest asthma specific within the reach of suffering humanity.

The British government has recently announced that it is recruiting only five women to do the work of four men in munitions factories, despite the fact that the number of women pitched in without training.

Two Feeding Experiments

Pork at a Cost of \$5.50 per 100 Pounds on Alfalfa

G. H. Hutton, superintendent of the Dominion Experimental Farm at Lacombe, at a Farmers' Institute meeting in Alberta, said that 800 hogs will have been marketed from the farm under his charge for the year ending with this month. He said he had made pork at a cost of \$3.50 per 100 pounds on alfalfa pasture with self-feeder. The saving that these pastures will effect in the cost of producing pork made the value of the pasture about \$80 per acre. Last year, on 240 hogs covered the entire period from May 7 to January 19, it took 4.90 pounds of grain with pasture added to produce one pound of pork. Mr. Hutton estimates that one acre of rape saves almost 2,500 pounds of grain, besides producing much heavier hogs at the same time. The self-feeder-fed hogs were ready for market six weeks sooner and made heavier hogs at far less work than those paid-fed.

Harry Bell, whose farm is some fourteen miles from Edmonton, has adopted a novel method in winter feeding. His farm is crossed by the Sturgeon river, and on a boggy slope the entire period of the winter he constructed a large self-feeder and hopper to hold several loads of cut straw and green feed. From this hopper the feed falls into a trough, from which the cattle feed at their leisure. It is only a few short steps to the river where an abundance of water is available and the overhanging branches of the willow bluffs provide an open-air shelter.

During January, February and March of last year he cut 85 loads of feed, of which 30 loads were green feed and 55 loads were straw. This lot of 85 loads of feed fed 70 loads of steers for the three months and they did well. Then a few bags of grain were mixed with the green feed. Thirty more loads of green feed were cut and blown into the feeder and the cattle were fed heavily on chop as they were being an order for the market. The cattle were carried on this feed till the first week of June.

The 70 head of cattle consumed 100 bushels of barley, part of which had been late and frosted, and 400 bushels of oats in addition to the cut feed. They were bought at \$2.75 per hundred weight and sold at \$10 per hundred weight. The plan proved very remunerative and Mr. Bell figures that he cleared from \$800 to \$1,000 clear of all expenses.

To Give People Homes

The British government is proposing to grant financial aid for the erection of 300,000 houses in England and Wales and 50,000 in Scotland, building to be begun during the demobilization of the forces. The national housing and town planning council is to consider a comprehensive scheme for London and Greater London. Various suggestions are to be dealt with. Among others, that preferential treatment shall be given to large families, that slum areas shall be cleared and housing schemes carried into effect wherever there is a shortage.

A Rugged Path Before Us

We have still, Mr. Bonar Law said recently, "a rugged path before us," and although there is "no ground for discouragement or faint heart," we cannot afford to squander our resources in the comfortable belief that the government will get the money somewhere and somehow. If we do not all do our part in saving and lending, other and less desirable methods of raising money and curtailing expenditure will have to be adopted.—The Scotsman.

Germany and Belgium

What the German Annex-the-Earth party wants in Belgium is pungently put by the Hamburger Nachrichten:

"We have often explained the one and only way to create a Belgium which will be simultaneously friendly and useful to us and protected by us. In the first place, Belgianism must disappear. The Flemings and the Walloons must be separated completely. Both peoples must receive their independence and the German empire must take over the safeguarding of the Belgian frontiers. The royal family must under all circumstances be wiped out."

Son of the Soil

Under the auspices of the Canada food board, 25,000 Canadian boys from 15 to 19 years of age, were called to help out this summer on the farm. To date, 23,000 responded in Ontario and the western provinces along Quebec and the Maritime Provinces, hold their enrolment later.

Why don't you accept him if he has offered to have his life insured for your favor? Because if he was a good risk for the insurance company, he'd be a bad one for me.

Hand It Out To Them as They Pass

Or better, send them half a dozen bars of this nourishing chocolate. There is many a brave fellow hungry today in the trenches, who will appreciate this highly concentrated food more than anything else. Positively the finest eating chocolate made, 5c. and 25c. sizes.

Replace Your Buggy With a Ford

MORE than 100,000 Fords are owned by people in Canada in preference to the old horse-drawn buggy and other makes of cars.

Your neighbors, and farmers in every section of the Dominion are abandoning their old buggies—selling their driving horses and buying Fords.

Ford cars are utility cars. They are built to endure the strain of constant daily use over rough roads.

These are the tests every farmer gives his car. The Ford meets them in a satisfactory manner. It is the farmer's car, so why not replace your horse and buggy with a Ford?
